

Whirlpool-Set

The practical set contains all the components for complete water care with active oxygen. Tailor made for the special conditions in the whirlpool.

Content:

Bayroklar SPA (1 kg can), the fast-dissolving active oxygen disinfectant tablets.

Bayroplus® SPA (1 litre bottle), the liquid activator for increasing the disinfectant effect.

Calcinex® SPA (0,5 litre bottle), the liquid hardness stabiliser for the prevention of lime deposits in pools or units.

Schaumex® SPA (0,5 litre bottle), the liquid defoaming agent. Reduces undesired foam caused by output nozzles.

Adisan® SPA (1 kg can), for cleaning and disinfecting whirlpools, including hard-to-reach parts like jets and pipe systems.

Always use biocides safely. Always read labels and product information carefully before use.
