

## TECHNICAL DATA SHEET

### BORDNET® WATERLINE DEGREASER

Quickly cleans and removes stubborn stains

#### CLEANERS

#### ADVANTAGES

- **Highly effective formula**
- **Cleans effortlessly**
- **Easy to use and quick to clean**
- **Can be rinsed with pool water**
- **Alkaline cleaner**
- **Spray bottle works upside down**

#### PRODUCT FUNCTION

##### Swimming pool cleaning

Bordnet® easily removes dirt and greasy deposits from the pool walls and the inside of the skimmer. It is easy to apply thanks to the spray bottle.

#### APPLICATION

- Spray BORDNET® directly onto the dirt, leave it to act for a few moments, then clean with a cloth or sponge.
- You can rinse with pool water. It is recommended to lower the water level before carrying out this operation.

#### PRODUCT DESCRIPTION

##### Spray.

Contains: Potassium-hydroxide (<2 %; CAS N° 1310-58-3), Anionic surfactants (<5 %)

Available size: 0.7 L

Find all the information about this product on our website

#### WARNINGS

Before use, test on a small area. Never mix different chemicals in their concentrated form. Always add the product to the water, never the other way round

#### IMPORTANT RECOMMENDATIONS

BORDNET® is not suitable for non alkali resistant materials, e.g. aluminium. If cleaning with BORDNET® is unsuccessful, it is usually a case of calcium or metal deposits. These can be removed by applying Decalcit Super.
